

John Deasy, PhD.Superintendent

Brenda Manuel, Ed.D.Interim Superintendent LD3

DeWayne Davis, Ed.D. Principal

Dear Parents/Guardians:

The Intramural program consists of after school and lunchtime activities with the purpose of extending and enhancing the educational and fitness goals for our students. The program will strive to involve 100% of the student body, male and female, in grades 6-8. These students will participate in various physical activities that emphasize teamwork and problem solving. Additionally, participating students are expected to demonstrate Audubon's Student Expectations of *Respect, Responsibility and Safety*.

This year we will be focusing on the following activities:

Flag Football & Double Dutch
Soccer
September-December
September-December

Fitness All Year

• Basketball February-March

Lacrosse April-May
Volley Ball April-May
Chess All Year

The ability of the intramural program to successfully meet its goals requires the support of the entire Audubon learning community. *It is important for faculty, staff, parent/guardian, and local community to acknowledge the program and encourage student participation.*

Please be sure you strive to maximize student participation in intramural activities. Every student that participates has a positive impact on our school's culture and reduces the amount of students' not meeting expectations for achievement. I encourage you to occasionally take time to come out during lunch and after school to observe and support students as they participate in our program. In this way we can all serve as mentors and strengthen our rapport with students. This positive effect on students will reduce behavior problems on campus and promote an environment that increases student achievement. Thank you in advance for supporting our program.

Sincerely

Douglas C. Brown, Sr. Facilitator of Campus Safety and Intramural Coordinator

All intramural participants must complete a parent/guardian consent form to participate.
